Work experience

Front-End Developer

SJ Innovation, Sep 2020 - Dec 2022

My primary duties entailed the creation of user-friendly and responsive web pages, addressing and resolving any software glitches, participating in client meetings to understand and fulfill their specific needs.

Front-End Developer (Intern)

Infinity Flames, Aug 2019 – Jan 2020

During my internship, the emphasis was placed on practical projects, allowing me to acquire a hands-on understanding of core technologies.

Education

B.Sc in Computer Science

CGPA 3.59
Leading University, 2014 – 2018

Skills

C, C++, Java, HTML, CSS, Bootstrap, javaScript, jQuery, SCSS, Tailwind, React, Context API, React Router, Firebase, MongoDB, MySQL, Git, BeanStack

Publications

JCSE 2020

A Systematic Literature Review of Graphical Password Schemes

Selected Work

Personalized portfolio UI

Designed and developed a personalized portfolio user interface (UI) project, showcasing proficiency in front-end web development. Utilized HTML, CSS, and JavaScript to create a visually appealing and user-friendly platform for showcasing personal projects, skills, and achievements.

Quiz Application

Created an interactive Quiz App using JavaScript, demonstrating strong programming skills. Designed and built a dynamic user interface that enables users to take quizzes on various topics. Utilized JavaScript for question generation, user scoring, and result display, offering a seamless and engaging learning experience.

Food Menu

Crafted a visually appealing Food Menu User Interface (UI) project, showcasing expertise in front-end web development. Utilized HTML, CSS, and JavaScript to design an interactive menu display for a restaurant or food service establishment. Employed creative design elements to enhance the visual appeal of the menu and ensure an intuitive user experience.
